- Alarm on/off

**Visit model**
Connects to the Bellman Visit system
Använd som en mottagare i Bellman Visitsystemet
Se conecta al sistema Bellman Visit

**Pairing**
Paarung
Parning
Emparejamiento

**Visits**
Connects to the Bellman Visit system
Anschluss an den Bellman Visit-System
Använd som en mottagare i Bellman Visitsystemet
Se conecta al sistema Bellman Visit

**FCC compliance statement**
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Warning:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Statement for Industry Canada**
Le fonctionnement de cet équipement est soumis aux conditions suivantes:
(1) l’équipement concerné ne doit pas causer d’interférences et (2) il doit accepter toute interférence reçue, y compris les interférences risquant d’engendrer un fonctionnement indésirable.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

This Class B digital apparatus complies with Canadian ICES-003.

**Correct use and disposal of batteries:**
Replace only with the same or equivalent type recommended by the manufacturer. Please dispose of old, defective batteries in an environmentally friendly manner in accordance with the relevant legislation.

**Correct use and disposal of batteries:**
Replace only with the same or equivalent type recommended by the manufacturer. Please dispose of old, defective batteries in an environmentally friendly manner in accordance with the relevant legislation.

**For use in all EU countries**
Hereby, Bellman & Symfon AB, declares that this Alarm Clock is in compliance with the essential requirements and other relevant provisions of directives: R&TTE 1999/5/EC, LVD 1973/23/EC, EMC 1989/336/EC, MDD 1993/42/EEC.
